Want to start using CASE in your agricultural education program?

Attend a CASE Institute!

• CASE Institutes are intense professional development led by practicing CASE teachers.
• The CASE curriculum is free to those who successfully complete a CASE Institute.
• Institutes are hosted by affiliated universities and colleges across the United States each summer.
• CASE teachers receive complimentary updates to the curriculum and many other services throughout their careers.
• For a complete listing of upcoming CASE Institutes and certification information, please visit www.case4learning.org and click on “Professional Development.”
Agricultural Research and Development is the capstone course designed to culminate students’ experiences in agriculture, based on the pathway of study they pursued. Woven throughout the course are projects and problems based in practical applications and designed to develop and improve employability skills of students. Students will further enhance critical thinking and teamwork skills as they expand on content knowledge from previous CASE courses.

Areas of study include:
- Solve complex real-world problems
- Conduct research
- Analyze data
- Work in teams
- Develop new products

Lessons are aligned with national standards for:
- Agriculture
- Science
- Mathematics
- English Language Arts

CASE provides teachers online professional development to facilitate instruction.

We are grateful to DuPont Pioneer for sponsoring the CASE Agricultural Research and Development course as a special project through the National FFA Foundation.
